

Xperience

The Xperience is designed for ultimate performance and adjustability in a budget friendly package. With 8" of total draw length adjustment on the X Cam system and the option between two peak draw weights, this bow fits a wide range of archers. The Xperience raises the bar on shootability and performance for a youth/beginner style bow.

Future Stars Program:

Any youth that outgrows the poundage limitations of their bow will have the option to upgrade their Xperience limbs for only \$85. Available only to the original registered owner.
